To Whom It may Concern,

## **Thanks to Community Recycling Campaign Inc.**

My name is Behrouz Kawari. Our company is a premier manufacturer of PC compatible systems in the Central Ohio area. We have been in business since 1988. As part of our company services, we recycle numerous electronics devices such as desktop computers, monitors, audio equipment, phones, printers and scanners, cables, TVs, CRTs, and LCDs.

On behalf of Columbus Micro Systems, we thank "Community Recycling Campaign" project donations of electronics. Sachin's community service project is inspiring as it shows how the young people are taking interest and initiative in protecting the environment. The effort he is putting forth in his recycling campaign and his volunteer efforts are outstanding. Electronic waste is a major problem in our society today and this local effort to reduce it is impressive. From last few years we have been receiving eWaste items form this organization.

To date, we received approx. 50,000 lbs of eWaste from this organization for proper recycling:

eWaste items including:

- November, 2009 – 55 monitors, 40 computers, and 6 printers
- June 24<sup>th</sup>, 2010 – 35 monitors, 55 computers, 30 printers, 25 scanners, 120+ key boards, 4 televisions, 10 audio systems and other miscellaneous equipment.
- August 4<sup>th</sup>, 2010- 50 monitors, 63 computers, 80 printers, 25 scanners 60 recycling bags of clothes (donated to Planet Aid, a non-profit org.)
- June 25<sup>th</sup> 2011- 1300 bags of recycling clothes bags, 147 computers, 70 monitors, 50 printers, 200 + key boards, cables, motherboards, and other misc items
- September 15<sup>th</sup>, 2011- 10-TVs, 97 old computers, 80 monitors, 50 printers, 20 scanners, and other misc. items.

We are proud to have association with Sachin's community service recycling campaign project: the Community Recycling Campaign embodies the vision of our company as it is making a positive difference in Central Ohio.

Please feel free to contact me at (614) 901-1300 or email at [behrouz@columbusmicro.com](mailto:behrouz@columbusmicro.com). Thanks for your support,

President, Columbus Micro Systems.
